Administrative Order 2020-07J
C45 2020-07J
D03B 2020-07J
P75 2020-07J

This administrative order is issued in accordance with Michigan Supreme Court Administrative Order No. 2020-19, effective June 26, 2020. The purpose of this order is to establish parameters for conducting in-person jury proceedings during a pandemic.

The court shall:

- Work in ongoing consultation with the local public health department along with monitoring the data on <https://www.accesskent.com/Health/covid-19-data.htm> to determine whether conducting each jury proceeding will create an excessive public health risk, by assessing the following metrics:
 - The 7-day average of daily percent positive test results for the county must be 10 percent or less.
 - The 7-day average of number of cases per day, per million people in the county must be 70 cases per million or less. If a county has a daily 7-day average of fewer than 20 cases, the criteria of 70 cases per million or less may not apply, depending on county population.
 - In addition, the court's decision about whether to proceed with a jury trial must consider the following:
 - The percentage of cases in the county that are associated with localized outbreaks, such as nursing homes;
 - The number of deaths among county residents;
 - The proportion of emergency department visits for coronavirus-like symptoms for the Michigan Economic Recovery Council region;
 - The COVID hospitalization rates for the Michigan Economic Recovery Council region; and,
 - Whether there have been known COVID-19 cases associated within the court facility during the past 14 days, and if the building has evidence of ongoing transmission.
- A jury trial may not commence if a determination is made that such a trial would create an excessive public health risk. Excessive risk, is risk of disease transmission that cannot be reasonably mitigated through implementation of the safety precautions provided here or otherwise recommended by the local public health department.

- Maximize the use of remote participation as much as possible for all other court proceedings within the courthouse on the days of jury proceedings.
- On days when jury proceedings are being conducted, to the extent possible, collect the names and contact information of anyone coming into the building. Assure the individual that the collected information will only be used for contact tracing, if necessary.
- Adhere to the following checklist regarding risk mitigation measures.

Section 1. Stakeholders
